Addresses on both sides of boundary roads are considered in-zone unless specified otherwise.

Each year, applications for enrolment in the following year from in-zone students will be sought by a date that will be published by public notice in a medium appropriate to the area served by the school. This will enable the board to assess the number of places that can be made available to students who live outside the home zone.

## Special Programmes – Whare Ako

Mountainview High School operates a specialist programme called **Whare Ako** for learners verified for the On-going Resourcing Scheme (ORS).

Whare Ako provides specialist educational support for students with ORs funding. Through the collaboration for success model and a philosophy of mahi-tahi we work alongside students and their families to develop a meaningful individualised education programme that caters for their specific requirements within the New Zealand Curriculum. This means students get the opportunity to work within smaller classroom settings as well as within mainstream classes with support.

Whare Ako provides a safe environment for neurodiverse and other ORS learners that seeks to realise their potential, provide individualised learning goals, differentiated and adaptive programmes and enable the learning of life skills. Transition programmes are organised, in conjunction with other schools and agencies, to provide transition into and from Whare Ako.

To be eligible for enrolment into Whare Ako, a student must be verified for ORS.

Each year the Board will determine the number of places that are likely to be available in the programme for the following year. If there are places available, the Board will publish this information by way of a public notice in a medium appropriate to the area served by the school. The notice will indicate how applications are to be made and will specify a date by which applications must be received.

Places will be allocated to students in the following order:

1. Those who live within the home zone, or are already enrolled at the school
2. Those who have previously attended a special school or specialised programme in another school
3. All other applicants

If there are more applicants than places, the Board will offer places by way of a ballot. If there are more applicants in a priority group than there are places available, places must be allocated in priority order until a group is reached where the number of spaces available in that group is insufficient to accommodate the number of eligible students. Selection within that priority group must be by ballot conducted in accordance with [instructions by the Secretary](#), under [Schedule 20, Clause 3 \(1\)](#) of the Education and Training Act 2020.

Where there are more applicants than spaces, the ballot will be used to establish a waiting list for vacancies that may arise during the year.

Applicants who live out-of-zone and do not secure a place in the special programme will enter the selection process for places at the school on the same basis as other out-of-zone students (unless the parents advise they do not wish to apply for places outside of the special programme).

## Out of Zone Enrolments

Applications for enrolments will be processed in the [following order of priority](#):

1. **First priority** must be given to students who have been accepted for enrolment in the Special Programme (**Whare Ako**) run by the school and approved by the Secretary for Education.
2. **Second priority** must be given to any applicant who is the sibling of a current student of the school.
3. **Third priority** must be given to any student who is the sibling of a former student of the school.

4. **Fourth priority** must be given to any applicant who is the child of a former student of the school.
5. **Fifth priority** must be given to any applicant who is a child of an employee of the school's board or a child of a member of the school's board.
6. **Sixth priority** must be given to all other applicants.

Before the application deadline associated with each pre-enrolment period, a Board must, by public notice in a medium appropriate to the area served by the school:

- confirm the already advertised dates for the receipt of applications and for the holding of the ballot.
- state the likely number of out of zone places that remain available.

If there are more applicants in any priority group than there are places available, selection within the priority group will be by ballot conducted in accordance with [instructions by the Secretary](#), under [Schedule 20, Clause 3 \(1\)](#) of the Education and Training Act 2020. Parents will be informed of the date of any ballot by public notice in a medium appropriate to the area served by the school.

Applicants may be required to give proof of address or sibling relationship.

The guidelines for development and operation of enrolment schemes are issued under Schedule 20, Clause 3 (3) of the Education and Training Act 2020 for the purpose of describing the basis on which the Secretary's powers in relation to enrolment schemes will be exercised.
